SATURDAY'S CHARITY:

WE WOULD LIKE TO THANK THE SUPPORT WE

have received from Dave Roberts and family as well as all the Newmarket gig goers who have bought raffle tickets or our snacks at the 2013 Springfest event. We have been raising funds and awareness of the Potters Village Orphanage in Kisoro SW Uganda. This is an orphanage for babies and toddlers. We have visited several times and can vouch that the monies raised, items sent, have all been used to provide resources. The ethos of the orphanage is to return the children to their families when possible, or to foster them within the community – giving financial support where needed. The orphanage is desperate for baby sponsors. There is no set amount- you give what you can afford. To find out more visit pottersvillage.org.uk or speak to us at concessions. Why not have a go at the festival music quiz at our stall in the craft tent too! Various prizes to be won!

STAGE ONE

CARAVAN

CARAVAN ARE EXCITED TO RETURN

to CRF for the third year in a row to headline the main stage on Saturday 3rd August. The band started playing live again in 2011. The line up includes new drummer Mark Walker alongside original members Pye Hastings and Geoffrey Richardson. The band also contains Jan Schelhaas on Keyboards and Jim Leverton on bass/vocals. Caravan have recently completed a ten date sell out tour of the UK.

HAZEL O'CONNOR

WITH HER LEAD ROLE IN CULT

movie 'Breaking Glass', Hazel O'Connor immediately became an iconic figure. Hazel's ageless songs include 'Eighth Day', 'Will You', 'Blackman' and 'Hanging Around' — all of which seem even more relevant today. Coinciding with the publication of Hazel's autobiography 'Breaking Glass Barefoot' this

special full band set melds Hazel's superb vocals with soaring sax, guitar, piano, bass, drums and backing vocals. Unmissable!

DEBORAH BONHAM

THE SPIRIT IN THE SONGS AND

music of Deborah Bonham draws on the hurt, pain, joy and anger that come with life for all of us. Deborah also has soul. It's also her instinctive affinity with the words being sung and how they absorb her emotions; sometimes soft, sometimes fierce. Watch

her play and find out why her last single was eight weeks at Number One on the ReverbNation UK Rock Chart.

PAT McMANUS

PHOTO: ALAIN BOULEY

THE PAT McMANUS BAND ARE

headed up by former Mama's Boy's and Celticus, guitarist, violinist, singer-songwriter Pat McManus, who's career has seen him tour the world extensively, along side artists such as Bon Jovi, Rush, Wishbone Ash, The Scorpions, Gary Moore, Thin Lizzy, Sheryl Crow,

Black Sabbath and Rory Gallagher, to name but a few. Pat has recorded well over 30 albums in his career, the majority are of his own compositions, but he has also guested on many other artists albums in almost every genre.

PEARL HANDLED REVOLVER

THE INTRICACIES OF NOW PEARL

Handled Revolver came together as long and convoluted and opinion on who/what should be blamed for this chain of events is divided. Four self produced, critically acclaimed EPs.

Some kind words from Jon Lord (Rest In Peace, sir). Gigs with the likes of Wilko Johnson, The Blockheads, The Quireboys and The Black Crowes. The attention of Dick Wooley of King Mojo Records. And debut album 'Colossus' rearing its head and giving the wider world a taste of where we'd been and where we wanted to go. And now we proudly present to you our second album 'This Mountain Waits'.

THE TEMPERANCE MOVEMENT

FORMED BETWEEN LONDON AND

Glasgow in the summer of 2011, five like-minded musicians decided to take a break from their touring with other acts to write, play and record music influenced by

the records which first made them passionate about rock and roll. A long time in the making, the project came together quickly and the band had half an album written and recorded within a month of first meeting. They cut their tracks live in the studio and take the same energy onstage with them every time they play live, carrying the torch for a fading generation of live bands.

CORNERSTONE

THE BAND GOT SIGNED BY THE US

label ATOM Records and are holding high the flag of Melodic-Rock, successfully, a US-tour, five times a tour through the UK, a number of concerts at famous European festivals,

Airplay and TV-appearances on stations like BBC. Additionally, they took part in the soundtrack of the blockbuster 'Little Alien' and in the beginning of 2012 their song 'Right Or Wrong' was awarded by the British 'Rock Realms' magazine as 'Ballad of the year 2011' of the year 2011

AFTERLIFE

PHOTO: GUS DANHOCH

AFTERLIFE ARE A HARD ROCK BAND

from Glasgow, Scotland formed in early 2011. The band came together as the result of a lot of down time and a much needed outlet to be creative. In a very short period

Afterlife had written a strong batch of material that would become the basis for their first release, the EP 'ALPHA'. The band have since performed live supporting the likes of, Swedish Rockers Bonafide, Atlanta, Georgia's own Nashville Pussy, Terrorvision and most recently rock n' roll royalty Thin Lizzy. The second half of 2013 will see the release of the first full length album, with recording starting in July. Afterlife have every intention of playing these songs live throughout the UK.
