

CORNERSTONE®

Pressquotes:

"With their new album, 'Reflections', Cornerstone are doing exactly what they want to do. That, in my book, makes them uber cool and 'Reflections' is quite an enjoyable record. Cornerstone provides the listener with catchy melodies, vocal harmonies and plenty of hard rockin' moments with the odd sappy, sentimental ballad thrown in to make things complete."

FEMME METAL WEBZINE/Tony Canella, U.S.A.

"'Reflections' enthaelt erstklassigen, treibenden Rock... mal mit Classic-Rock Einschlag ('Nothing To Lose'), mal mit Bon Jovi-Keyboard unterlegt ('Heart On Fire') haben wir es mit einem abwechslungsreichem Album zu tun, das richtig Spass macht."

ROCK HARD MAGAZINE /Stefan Glas, DE

"Blending melodic rhythms with an angelic voice and crossing the Pop Rock divide seamlessly, Cornerstone have produced a collection of songs of extreme quality. Their anthemic sounding tracks will endear them to many and I'm sure will see them going on to greater things."

FIREWORKS MAGAZINE/Paul Sabin, UK

"This might very well turn out to be my fave melodic album of the year... AOR is a very American genre and Cornerstone do have an American sound, but there is also an European edge to it, a British if you have to be more specific. This is melodic without being too syrupy. If you like your hardrock with a bite and an attitude you can very well listen to this."

BATTLE HELM/Anders Ekdahl, SE

"...alles in allem kann man sagen, dass sich Cornerstone auf ihrem neuen Album in einer bestechenden Form zeigen. 'Reflections' hat eigentlich alles, was Fans gediegener und zeitloser Rockklaenge so sehr schaeetzen und lieben. Und mehr bedarf es eigentlich auch nicht."

MUSIC AUSTRIA/Michael Ternai, AT

"... an enjoyable easy listening melodic rock album if you are a fan of female fronted bands."

MELODICROCK.COM/Andrew McNeice, AU

"...their heroic AOR anthems speak the sort of language that should win them a place in your hearts: massive choruses built for radio airplay, delivered by a vocalist, who holds her own with the greats. They won't be strangers for very long..."

CLASSIC ROCK MAGAZINE (AOR)/Jonathan Richards, UK

"... die oesterreichische Classic Rock-Band Cornerstone hat mit ihrem dritten Album einen Platz irgendwo zwischen Fleetwood Mac und Bon Jovi gefunden - eine Tatsache, die von der internationalen Musikpresse in den letzten Wochen mehrfach ausgelobt wurde. Check it out!"

ORF HITRADIO OE3/Eberhard Forcher, AT

"Cornerstone caught my attention with their excellent material, an unusual focus on arrangement details, and progressive melodic hooks... sounds like the the recipe for a hit to me!"

Beau Hill, Producer (Alice Cooper, Winger, Europe, ...), U.S.A.

"This Band is very good and very, very tight."

Dennis Stratton, Iron Maiden/Remus Down Boulevard, UK
